

Year 2 Home Learning

Maths

This week, the children started their unit on basic statistics. Can they solve the following questions:

Complete the tally chart for the fruit.

Fruit	Tally	Total
apple		
strawberry		
banana		

Draw tallies for the numbers:

7

9

10

15

21

English

This week, we continued thinking about our persuasive letters.

Can you remember what your arguments were for not digging for oil near rivers?

- Argument 1
- Argument 2
- Argument 3

Can you remember the 5 features of a persuasive letter?

Identify features of persuasive letter

	Green Earth Oil Company 123 River Road AB12 3CD 21 June 2026 Dear Oil Companies, Please Stop Digging Near Animal Habitats I am writing to ask you not to dig near animal habitats. Animals need their homes to stay safe. When people dig for oil, animals can lose their homes and have nowhere to live. This can make them scared and unhappy. Many animals live in forests, fields, and near rivers. If these places are damaged, animals may not find food or shelter. Did you know 25% of animals lost their habitat last year? How would you feel if someone destroyed your home? We should protect animals because they are important. Birds, foxes, rabbits, and many other creatures need a safe place to live. It is not fair if their homes are taken away. Please think carefully before digging near animal habitats. You can help keep animals safe and protect nature for everyone. Thank you for reading my letter. I hope you will make the right choice and stop digging near animal habitats. Yours sincerely, Year 2 Student

Sports Day

Thank you to those parents who have offered to help walk the child to and from Manor Garden next Thursday 2nd July. We will confirm by a weduc message next week to let you know what time to come to the office.

We do need more helpers so if you are able to help and walk the children to and from the park. Please email the school office info-bm@brindisheschools.org so that we can advise the teachers before the day.

Science

Can you draw—with the correct number of legs:

An insect

An arachnid

A crustacean
