

English

In English we have begun writing our biographies on Claudia Jones! The children have done a fantastic job of using all their research and putting it into sentences. As a follow-up activity we are going to focus on proofreading our biographies before publishing them. Proof reading involves the children rereading their work and editing where necessary, this may be looking at spellings, capital letters, punctuation or adding adjectives to their work.

On the next page I have attached a document where I would like the children to proofread the text. Can they edit where necessary? Can they make the appropriate corrections?

Maths

In Maths this week we have been looking at adding and subtracting 1s and 10s. The children have been learning that if we are subtracting our ones the only number that changes are our ones for example:

$$342 + 6 = 348.$$

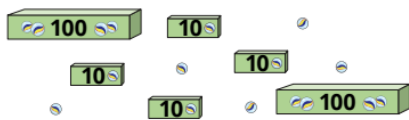

Our tens and ones stay the same.

Equally, when learning about adding and subtracting 10s, the children learnt that our tens are the only number to change, for example:

$$329 + 50 = 379.$$

Have a go at answering these questions:

- Aisha has some marbles.

She buys 10 more marbles.

How many marbles does she have now?

How many marbles will Aisha have if she buys another:

- 20 marbles
- 30 marbles
- 40 marbles
- 50 marbles?

- Brett uses a place value chart and base 10 to work out $461 - 20$

Hundreds	Tens	Ones

Use Brett's method to work out the subtractions.

$461 - 30$	$561 - 30$	$561 - 60$
------------	------------	------------

What do you notice?

Tiny is working out a subtraction.

$$546 - 30 = 543$$

H	T	O

What mistake has Tiny made?

What is the correct answer?

Times Tables:

Over the last couple of weeks, we have been looking at our 3 times tables. Why not see if you can create a game with your 3 times tables. Here are some examples:

3 times table tic-tac-toe

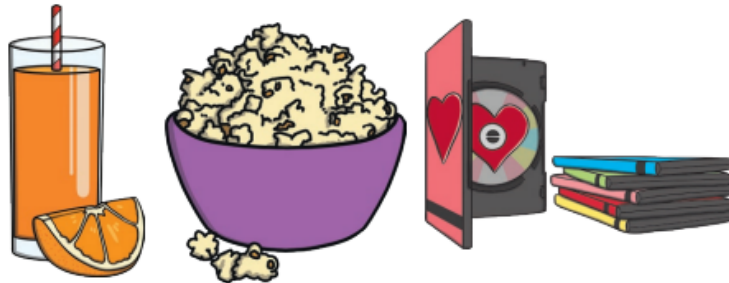

swirl board game

yes and no game

We will be starting on our 4 times tables next week so if you want to have a practise before hand, please do!

Movie Night

ben was really excited to have a movie night with his freinds He cooked the popcorn and gathered lots of snacs for his friends to eat. his mum helped him get the jooce out of the fridge and the cups ready. there were lots of fluffy pillows and blankets to keep cosy under. Ben maid a pile of films that they could choose from. What's your favourite film

The Strange Creature

Amy and Jack were walking through the woods when they heard a niose. "Did you hear that" asked amy They slowly worked around a big tree and there was a smorl, green creachur! It looked up at them and began to hop. "do you think we should take it home" asked Jack. The creature smiled.

Trip to the Museum

Monday 17th february

Dear diary,

today we went on a school trip to a museum all about dinosaurs! we went on a couch and I got to sit next to my friend When we got their, we got to look at lots of interesting fossils. Then, I had a very tasty lunch. after that, we got to lurn all about the different kinds of dinosaurs. What a grate day! I wonder what it would be like if dinosaurs were still around
